

Foliage Stems Kit per m² with Grid

Two people are recommended to hang the grid. Make sure to lay the grid on a flat surface during handling.

Cables, grid hooks, and suspended ceiling clips are included.

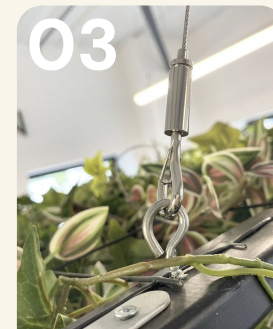

⚠ No screws/hardware are provided. to prevent it from bending

Your stems kit is delivered in boxes.

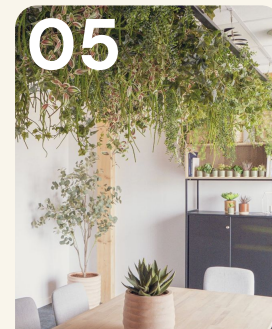

Hang your grid (not provided) from the ceiling.

To attach the stems, use the provided zip ties (plastic cable ties).

Large stems can hold up on their own by balancing them on the grid.

If necessary, reposition the stems to adjust the drape.
