

Foliage Stems Kit per m² without Grid

01
Your stems kit is delivered in boxes.

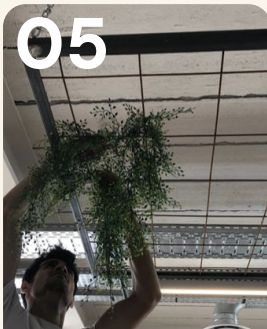

02
Hang your grid (not provided) from the ceiling.

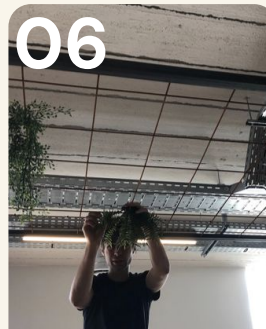

03
To attach the stems, use the provided zip ties (plastic cable ties).

04
Start hanging the plants onto the grid.

05
Large stems can hold up on their own by balancing them on the grid.

06
Small stems must be secured with zip ties.

07
Continue hanging the stems. Remember to vary the stem types thoroughly for a harmonious result.

08
Your pergola is ready to be admired!
